## Experiences

### WeTechPro SAS

June 2022 – Present

Lead Software Engineer

Remote

Paris, France

- Led an agile team of developers, designers, and testers, ensuring high-quality project delivery on time and within scope.
- Collaborated with stakeholders to define project requirements, establish scope, and set realistic timelines.
- Conducted code reviews and provided technical mentorship to team members, fostering adherence to best practices.
- Trained interns and junior developers, cultivating a culture of continuous learning and high-quality coding standards.
- Conducted technical interviews, evaluating candidates for technical expertise and cultural fit.
- Implemented CI/CD pipelines to automate testing and deployment, reducing deployment times by 50% and improving development efficiency.
- Deployed monitoring and alerting systems to ensure high availability and system performance.
- Developed internal tools and scripts to automate repetitive tasks, saving significant manual effort.
- Managed email servers, ensuring the reliable delivery of transactional emails and notifications.

### WeTechPro SAS

September 2021 – June 2022

Full-Stack Software Engineer

Hybrid

Dhaka, Bangladesh

- Designed, developed, and maintained secure, scalable web apps using Vue, Nuxt, Node, and MySQL, resulting in a 30% increase in user engagement.
- Developed hybrid mobile applications using Capacitor, reducing development time by 50% and cost by 60%.
- Implemented and optimized RESTful APIs, enabling seamless integration with third-party services and enhancing system interoperability.
- Optimized database queries, achieving up to a 40% reduction in response times for critical operations.

## **BroadBrander**

Full-Stack Developer

Narayanganj, Bangladesh

February 2018 – September 2021

On-site

- Designed, developed, and maintained websites and web applications using WordPress, PHP, JavaScript, Laravel, and Vue.
- Optimized website performance, reducing load times by 50% and increasing organic traffic by 40% through SEO strategies.
- Created user-friendly interfaces and branding materials, including logos and business cards, to enhance client identity and user experience.
- Developed and integrated RESTful APIs for seamless communication between frontend and backend systems.
- Provided ongoing maintenance and support to ensure consistent functionality and performance.
